

# FRILO selection package „Timber“

## We have the solutions - yours is the choice

With the FRILO “Timber” selection package you can **freely select 7 software applications** from the attached list of powerful timber solutions for the structural planning and static calculation of individual building components.

You have the option of ordering the FRILO “Timber” selection package **with** or **without** a software service contract (SSC). You benefit from signing a software service contract by receiving a hotline support, advice and guidance, software maintenance and adjustment of the norms free of charge for the duration of the contract. You will also be granted a discount when purchasing additional FRILO applications. Information on how to calculate the annual SSC amount can be found on page 2. The minimum term of the contract is 12 months. Please choose a SSC option:

- FRILO “Timber” selection package **with** SSC € 1,590
- FRILO “Timber” selection package **without** SSC € 1,890

## Order

I hereby order the FRILO „Timber“ selection package plus VAT in accordance with the Terms and Conditions as well as the license agreements<sup>1</sup> of FRILO Software GmbH.
